

VR is more than FUTURE

Color

#00FFAE

#050005

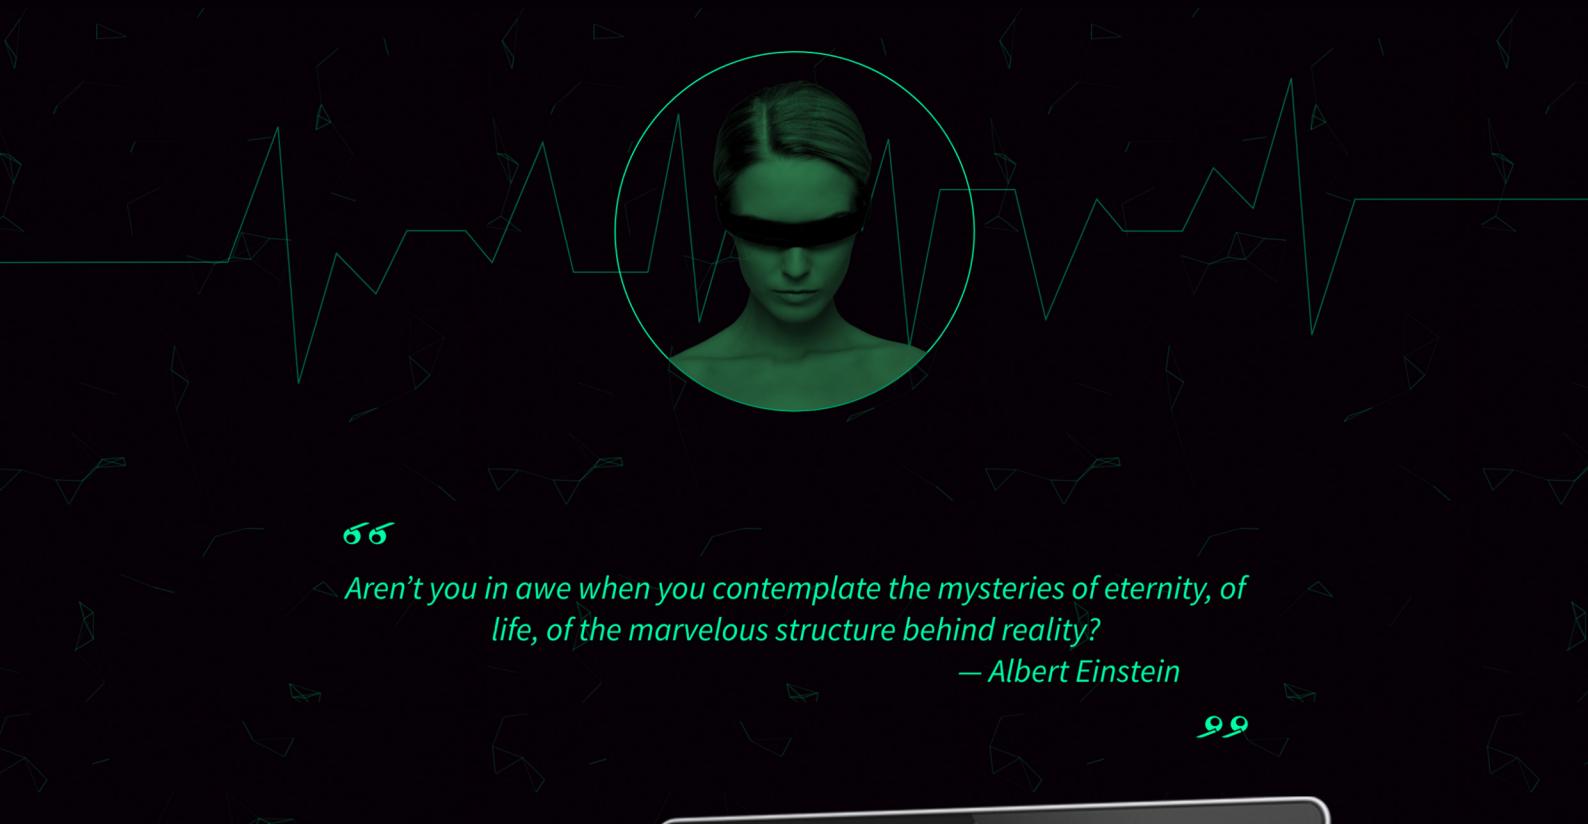

Background

Virtual Reality(VR) is becoming the future trend of this era, more and more technology and equipment are developed. People need to know more about this, to know better about future.

Style

The color and lines are chosen to represent the feel of unreal, give people a sense of future and technology. It's like to explore the universe to explore the Virtual Reality.

“Aren’t you in awe when you contemplate the mysteries of eternity, of life, of the marvelous structure behind reality?”

— Albert Einstein
